

Mother of Love  
By Yvonne Stanley & Andy Ross  
Fisherman UK Music (c) 2016

Mother of love  
Saw hope in despair  
A heart filled with joy  
Hands filled with care

Answered God's call and  
sought new life  
Slum changed with love  
Dark blessed with light

We pray to you  
We pray to you  
Humble and pure, Saint of the poor  
We pray to you  
We pray to you  
Daughter of Christ, Saint of our time  
Mother of love

Mother of love  
Courageous of heart  
Cherished the poor  
They deserve hope

Gentle yet strong  
For all to see  
in suffering and pain  
gave dignity

Chorus

Mother of love  
teacher to all  
wrote words in the dust  
with grace and a smile

Goodness lives on  
God's Ministry  
Place of pure heart

Her legacy

Chorus

Peace begins with a smile  
So be strong and be kind  
Faith will guide you through every trial  
Mother of love Saint of our time

Chorus
